Temperature Down to 45 Degrees Above Zero This Morning

There was a light frost last night out it was not heavy enough to do any damage, in the opinion of many farmers today. Those who arose early and caught a glimpse of the frost, say that the temperature was about forty-five dégrées above zero, which is only thirteen degrees above freezing. The frost could be seen only in the low places, it was stated, and no damage whatever 'was done to the late garden crops or fruit. Fair and warmer weather is predicted for tonight and tomorrow.

## VERDICT IMPOSES A FINE OF \$1 AND COSTS

Jury Finds For State in Assault and of the bids. Battery Case Against Sanford Heaton, Aged Farmer

APPEAL FROM STECH'S COURT

The jury in the case of the state against Sanford Heaton found for the state, and imposed a fine of a dollar and costs, for assault and battery, with which the defendant definite report. In all probability the was charged. The case was tried present plant will be enlarged, by yesterday in circuit court on an appeal from Squire Stech's court where Heaton received a fine of five dollars and costs. It was reported will not miss the first estimate very today Heaton would ask a new trial far, as the average for the bids last and being denied that would appeal night ranged from \$20,000 to \$25,to a higher court.

The jury yesterday afternoon was Before taking up the matter of not out long and soon returned the verdict. The costs in the case yes terday and in the case previously tried in the squire's court will have to be paid by Heaton, and will amount to approximately \$80.

Heaton was charged with attack ing Arie Colestock, according to the evidence vesterday, as he was closing a barn door. The trouble was preceeded by a conversation between Aboard the President's Train Near the two men regarding a horse. chita, Kan., Sept. 26.-President | Heaton gave his age yesterday as ilson, suffering from an attack of 68 years, and Colestock is about 26

Nothing was going on in court today. The grand jury will meet again Tuesday and will probably finish up their investigations and be Kansas, expressing regret that ready to report indictments the first of October.

## FORMER RUSH COUNTY MAN DIES IN ST. LOUIS

Jesse G. Hinchman, Age 81 Years, Expires of Paralysis Friday Evening, Relatives Learn,

ONLY 2 OF FAMILY OF 13 LEFT.

Jesse G. Hinchman, age eightyone years, who was born and reared in Rush county, died of paralysis at his home in St. Louis yesterday afternoon about four o'clock, according to word received here by relatives last night. Mr. Hinchman was the brother of Mrs. George W. Young of this city and Mrs. Margar-Miss Linnie Land who has acted is visiting here. Mrs. Young and which held a meeting today, ap-Mrs. Jones are the last of a family few weeks ago, was a member.

# EQUIPMENT BIDS

Acting on Estimates for Light Plant Machinery.

TO DOUBLE THE CAPACITY.

Erection of Plant Annex is Not Discussed at Meeting-May Enlarge Present Building.

The city council met last night in a special session, at which time they received bids for equipment to be purchased, which will double the capacity at the electric plant, and after receiving the bids, and hearing the representatives of the five bidders, the council decided to take more time in going into the detail:

The specifications for the machinery are complex, and the council did not wish to jump at any one bid too readily, until a thorough investigation of the contracts could be made.

The matter of building an armer to the present plant was not discussed at this meeting, and the committee which was appointed to look into the matter, has not made a tearing down one of the walls, and adding to it.

The bids as submitted last night

bids, a petition was presented to the eouncil signed by Dr. D. H. Dean and J. D. Case, asking permission from the council to pave with cement, 160 feet in the alley between their two houses. The paving will extend from Main street to the intersection of the north and south alley, between Main and Morgan

The petition asked that they be granted the right to pave at their own expense, following the specifications of the city council. There being no reason why the petition should not be granted, the city council passed it, instructing the city engineer to oversee the work.

Of the five companies which bid on the equipment last night for the water and light plant, most of them submitted two bids, which included different types of equipment. One company had a bid for second hand equipment, as the council had ad-Continued on Page Two

# IN COURT, ISSUE

City Council Will Take More Time in Samuel Gompers Says Steel Workers Have Repeatedly Been Deprived of Negotiations

BEFORE SENATE COMMITTEE

Asserts Steel Companies Guilty of Systematic Effort to Eliminate American Workers

(By United Press.)

Washington, Sept. 26.—Labor's right to a day in court is the issue in the steel strike, Samuel Gompers head of the American Federation of Labor told the senate investigating FIRST SHPMENT OF committee today.

Gompers was the second witness ordered by the senate.

"In the last twenty-five years steel workers have repeatedly been deorived of negotiations," he said. This was done with all the power wealth and influence of the steel orporations. They were denied this y illegal and brutal means."

The committeemen believed they were on the way to bringing together the employe and employers with he executive's aid.

Efforts are being made to get E H. Gary to agree to arbitration which John Fitzpatrick told the senate yesterday was the means in which to bring the men back to the

The situation is reaching white heat and the need for a settlement

es had been guilty of a systematic effort to eliminate American workers from their plants by substitutng foreigners.

Strikers Fire on Loyal Men

Pittsburg, Pa., Sept. 26.—Strikers and state and local police engaged in a long range gun battle at Clairton early today.

Strikers began firing on men who were on their way to the steel plant for the day's work. It was dusk and only the flash of the guns of the strikers revealed their whereabouts Expecting possible trouble, the state and local police were lying in wait and immediately returned fire and gave chase. They captured three men. It is not known whether any of the strikers were hit.

With plants in the Pittsburg district slowly but surely gaining ground, the next step of the union leaders will probably be an attempt Continued on Page Three

## JOHNSON STARTS FOR PACIFIC COAST TODAY

Will Make Speeches in California, Oregon and Washington in Opposition to League FIGHT CENTERS ON ARTICLE 10

(By United Press.)

Washington, Sept. 26-Senator Hiram Johnson was off for the Pac ific coast today to present his side of the league of nations in opposi-

Johnson will go first to San Francisco and expects to make speeches

His speeches will be the first made in the coast cities in opposition to the league.

Johnson expects to devote himself in his fight on Great Britain's six votes and article 10 of the coven-

It has been agreed that Johnson's amendment proposing to equalize the vote of the United States and Great Britain will be the last to be free to make his trip.

Steubenville, O., Sheriff Asked to Stop Steel Workers

(By United Press.)

Columbus, Ohio, Sept. 26.—Gover Cornwell of West Virginia, today wired Governor Cox that 4,500 men from the vicinity of Steubenville were reported to be planning to cross the Ohio river into Hancock, Va., and compel workers to quit the steel plants.

Any such efforts, Cornwell warned, will be regarded as an attack on the soverignity of West Virginia. Cox immediately wired the sheriff in Steubenville to try to prevent this step if contemplated.

# ARMY FOOD ARRIVES

Consists of 10 Cases of Vegetables, 4 Cases of Bacon and 4 Bags of Dried Beans

ARRANGEMENTS FOR DELIVERY

The first of the war department surplus food ordered through the Rushville postoffice arrived at the office late yesterday afternoon and today Postmaster G. P. Hunt made arrangements for those who bought the food to call for it or for the rural mail carriers to deliver it in their machines.

The advance shipment, which came by freight, consisted of ten cases of canned vegetables, four Continuing his testimony, Gomp- cases of bacon, and four 100-pound bags of dried beans. The vegetables were: four cases of peas, three ases of corn, two cases of tomatoes and one case of stringless

The shipment did not include the first order sent in from this office. as was expected by the postmaster, It would be next to impossible for the parcel post carrier to deliver the food, because it is too bulky, and he has nothing but a small push eart to deliver the pareel post. For this reason the postmaster asked those buying the government food, who own some kind of a vehicle, to call for theirs. The rural mail carriers will help deliver the remainder.

## MARINES TURN TOWN OVER TO JUGO-SLAVS

News Agency Dispatch Says Americans Landed at Trau and Compelled Italians to Withdraw

A REPORT FROM COPENHAGEN

(By United Press.)

London, Sept. 26.—Two hundred on the Dalmatian coast and turned the town over to the Jugo-Slavs, after the latter compelled the Italian detachment to withdraw after capturing the Italian commander and an armed car with crew, a News | best reward that any can have is Agency dispatch from Copehagen reported today.

#### Asks For Verification

Washington, Sept. 26.-The senate today adopted a resolution asking of the navy department whether the report of the American marines landing in Trau was true. Senator Kendell offered the resolution.

#### Crown Council Meets Today

Rome, Sept. 26-The crown council meeting to consider the crisis at Fiume brought on by Gabrielle d' Annunzio, convened at 9:30 this morning. An adjournment was taken at noon and the session was resumed at four o'clock and continued until seven.

# TO PREVENT CROSSING LINE LOCAL LAYMEN ARE PRAISED IN REPORT

Judge Will M. Sparks and E. B. Thomas Among Those Given Credit For Centenary Work

REPORT TO M. E. CONFERENCE

St. Paul's Church Gets Credit For Being First to Make Quota-C. S. Black is Re-elected

Unstinted praise for ministers as

well as laymen, among the latter being Judge Will M. Sparks and E. B. Thomas of this city, and likewise praise for St. Paul's M. E. church of this city which was the first in the district and the second in the Indiana conference, to pass its quota in the Centenary campaign, is found in the annual report of the Rev. J. M. Walker, superintendent of the Connersville district, given at the eighty-eight session of the Indiana M. E. conference in session at the Central Avenue church, Indianapolis, this week.

The Rev. Clyde S. Black of St. Paul's church, who is also given credit in the report for his services in the campaign, was re-elected statistician of the conference for the tenth consecutive time. The Rev. F. M. Westhafer, pastor of the Arlington circuit, was chosen auditor of the conference at the annual

The question of higher salaries for ministers was considered when the reports of the district superintendents were made. The Rev. Mr. Walker said that nine pastors in the Connersville district are forced to supplement their incomes by working on farms or in other lines of business, because their salaries are not sufficient to permit them to live comfortably. Other superintendents reported similar conditions.

Credit was given by the Rev. Mr. Walker, in his report, to the Milroy M. E. church for being the second in the Connersville district to go over the top on its Centenary quota. Other churches and pastors in the county were also praised for their noteworthy efforts in the Centenary campaign by the Rev. Mr. Walker, who said in part, in making his re-

I am glad to report that several days before the time set for the Centenary canvass in our conference he Connersville district, according to the phrase, "went over the top.' The over-subscription is about \$42,

I wish to record my deep appreciation of the leadership of our great church leaders in this campaign; of the helpfulness of every Centenary representative from without who entered the district; of the earnest, determined, prayer-in-American marines landed at Trau fected work of our pastors, and of the cordial and vitally helpful assistance of many of our laymen, and of the generous response of our people generally to the great Centenary appeal and opportunity. The the consciousness of having met a great hour nobly and of receiving the blessing of God which always accompanies such conduct.

C. C. Hull and his brother, W. O. Hull, of Connersville were the joint leaders of our Minute Men. The spirit with which they took up and carried forward this work was an inspiration. While all the Minute Men Group Leaders deserve praise, Judge Will M. Sparks of Rushville and W. F. Bossert of Liberty deserve special mention. I doubt whether any group leaders in the United States handled their groups better. The work of the Minute Men was an inspiration to the people and to the speakers themselves. Evidently a larger use of laymen must be in the church's program for the fu-

## Your Red Cross Is Still Busy

READ WHAT YOUR DOLLAR IS DOING

## RED CROSS EXTENDS **ACTIVITIES TO BENEFIT** RURAL COMMUNITIES

HE Red Cross is your Red Cross, serving you at home, representing you abroad, It is for you, now that the war emergency is past, to make the

Home Service work, undertaken by the Red Cross Department of Civilian Relief, served in war time to aid the families of fighting men and to relieve anxiety of soldiers in camps.

Out of experience gained in this work comes the Red Cross plan for the future. The common objective of all Red Cross work is to improve general living conditions, to conserve the health and to promote the welfare of all people.

In the larger cities community improvement has already reached a high state of development. It is left for the Red Cross to assist in furthering such work at the request of established agencies.

But in the small cities and towns the Red Cross service is only limited by the interest and response of the public to the opportunity offered by the peace time extension of the Red

Home Service is not charity work. The Red Cross organization is open to all. All may benefit by making the most of its far-reaching ability to

Health, education, the development of the public health nursing idea and allied forms of community betterment work will be dealt with as individual problems where Red Cross assistance

## **NEW DIRECTOR STATES** PLANS FOR R. C. EXTENSION IN THE RURAL DISTRICTS

3,700 Home Service Sections now operating under the Red Cross organization in the United States. Of these, 2,900 are in places having a population under

With these facts in mind, the Bureau of Rural Organization has been created in the Red Cross Department of Civilian Relief, and Prof. E. L. Morgan, of the faculty of the Massachusetts College of Agriculture, has been appointed director. In the future every Red Cross worker is to be informed as to where the community can get help in other than Red Cross work, and will consider it part of his duty to connect the community with those sources of help.

"The: are numerous problems," says Professor Morgan, "which can be met only on the basis of a county. There are a number of counties in which this sort of work has been done and the following has been the general procedure:

"1. A get-together of the county-wide agencies for exchange of plans and projects and for mutual information about the work of each.

"2. A study of the county concerning the outstanding needs of the county as a whole and certain towns in

"3. A conference of the people called by these various agencies. "4. The presentation by various agencies of their program of work for

the coming year. "5. Some sort of medium through which the county-wide agencies may come together frequently to keep in

touch with each other. "The Red Cross does not assume that it is a correlative agency with a purpose of assembling other bodies.

"It is the plan of the workers to develop rural organizations in the varlous Red Cross divisions as rapidly as Is feasible so that the development of the rural community, the heart and soul of country life, may be brought

REPORT SHOWS INCREASE IN HOME SERVICE WORK DURING THE PAST MONTH

HILE the new work of the Red Cross Home Service sections is being launched throughout Ohio, Indiana and Kentucky, the aftermath of war cases is not being neglected.

The last monthly report from the Civilian Relief office in Cleveland shows 108 home service sections organized in Ohio-106 in Indiana and 144 in Kentucky. These 357 organized bands of workers have dealt with 40,709 families during the month-giving specialized information in 10,716 instances and rendering tangible service in 30,624 cases.

WANT ADS BRING RESULTS

#### RIGHT TO A DAY IN COURT IS ISSUE

Continued from Page One to tie up the big Bethlehem Steel eompany's plant, which employes approximately 50,000 men.

President Grace, of the Bethlehem eompany having refused to grant the steel workers committee a conference, the union organization is expected to take action between now and Monday.

#### To Try For Arbitration

Washington, Sept. 26.—An effort to induce Judge E. H. Gary and the steel employes to submit to arbitration will be attempted as the second step in the senate labor committee efforts to end the nation wide steel strike it became known today.

Having obtained the statement from John Fitzpatrick, strike chairman, that the men would return to work on a promise of just arbitramost of its far-reaching ability to tion, the strikers are now awaiting a similar promise from Judge Gary. it was said.

This solution will not be pressed upon the employers until Gary appears next Wednesday before the senate investigating committee.

The fact that Gary said he would not deal with union leaders will not keep the senators from making an attempt to end the strikes.

#### No Arbitration, Says Gary

New York, Sept. 26 .- That "questions of moral principle can not be arbitrated nor compromised" is the position taken by E. H. Gary, of the inited States Steel Corporation, in eply to a statement by John Fitzpatrick, strike leader, that the men would go back to work if their employers would arbitrate.

When shown a report last night of Fitzpatrick's testimony before he senate committee at Washington in regard to arbitration Mr. Gary was at a dinner given by Baron Kondo, president of the Japan Mail Steamship Company. Breaking the silence he has maintained since the beginning of the strike, Mr. Gary wrote a statement while seated at the table and then, calling the newspaper men into the hall, read it to

"The board of directors of the United States Steel Corporation are the representatives of nearly 150,-000 stockholders, including from 60,000 to 70,000 employes," ran the statement. "We are their serants and are selected to represent and protect their interests and also the interests of all our 250,000 employes, the majority of whom, I think, are not members of labor un-

"Moreover, I believe our corporafron is under great obligations to he general public concerning the ssues involved in the pending strike. In these circumstances, I would not at present assume to answer the question propounded to me."

#### BARRETT TO RESIGN

New Orleans, Sept. 26.-John Barrett, director-general of the Pan-American Union since 1907, announced here today he would resign from the office at the November meeting of the union.

#### That Mythical 80 Percent

The Richmond Palladium, in conducting a canvass on the peace the population. Tuberculosis, ventreaty and league of nations in ereal diseases, deformities, princitreaty without reservations amendments, does not hold true there. The Palladium has found nore opposition than anything else more opposition than anything else to the document, for the ratification of which, the president is going up and down the country denouncing those who have the temerity to voice suggestions.

In Wednesday's poll of the Palladium, 78 shopmen voted against the treaty and 55 for it, whereas 70 farmers cast favorable votes and 44 were opposed. Only 215 persons out of the 641 who voted, want qualifications, and of these, 56 are for the league if no chances are made in the text, and 159 are against it in the latter case

Staunch Americanism and distrust of foreign entanglements, are among the reasons vited by opponents of the league. Especially distrust and dislike of England are nocomments are:

"No amendments necessary; just reject the whole damned thing and tell England to go to hell."

"Let other countries take care of their silver".

"To be under control of a world power we surrender our personal liberty established by the founders of our country"

"The policy that has built the country to its present standing suits me, and should suit every real American. Let the English fight their own battles, that's me"

"Too much secrecy: congress ought not consider it for a moment; it is nn-American and autocratic."

"A real American cannot answer otherwise." (Than by total rejecttion".

"Let England fight her own battles".

"America has 100,000,000 people and can accomodate 300,000,000, so why worry about Europe, and just let any half dozen, the world over, try to invade the good old U. S. A!"

States and not so much for foreign

"Until the critics present a better plan than this. I favor the league with reservations.'

"There isn't a drop of Democratic blood in men and I never voted for President Wilson, but I think he is trying to do what is right for all".

#### Judgment in Eclipse.

Americans like to point to the census figures as proof of the wonderful growth and progress of 'the country. A high birth rate is regarded as proof of healthy growth One Month to 5 Months, per month 40c This nation, containing upward of 100,000,000 souls, is a most potential force. But sometimes our enthusiasm eclipses our judgment in such matters and we overlook some important considerations.

Physical defects discovered by army examiners showed that about forty percent of the young men conscripted were unfit for soldiering. When the "very Flower" of our manhood is incapable of doing a man's works, it suggests a much inferior physical standard among the rest of Richmond and elsewhere in Wayne pally of the feet; defective teeth, county, has found that mythical and numerous other handicaps and eighty percent of the people, whom delinquencies were the causes of the President Wilson says favor the rejection of such a number that our

'Money Couldn't Buy The Good It Did Me," Says Hon. A. R. Anderson

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Texas, Ex-Sheriff of Harris County recently.

Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men who ever held public office in the state of Texas. After serving as Deputy Sheriff of Harris County for twelve ears, Mr. Anderson was elect Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends persuaded him to make Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Then Mr. Anderson declined re-election and retired to private life. He east his lot among the people of Houston and is a large property owner and foremost citizen of that interesting

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings, I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stoameh and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. was poisoned and suffered with and voters, 2717) and they attended spagetti and think of the shamrock." neuralgic pains of the worst sort, and nothing seemed to help me only paratus came in for discussion. in a temporary way, I just can't tell Next, town hall equipment, Darey, with two years' service. Since her appearance in "Broken of this service will be made next Blossoms," Mr. Griffith's tremendous artistic sucess that has been the sensation of New York, Miss Gish is conceded by all the metropolitan critics to be one of the foremost actresses on the screen, but many believe she has surpassed all previous work in her characterization of the heart-broken little girl who hoped to marry her girlhood sweetheart, and found him, instead, with his arms about a comparative stranger, whom

> With her aunt she is invited to the minister's home, to hear him play the little church organ, quite social event in the community. Just for a little surprise, she joyfully runs ahead of her aunt. tiptoes through the open door, and

The tumult of her heart seems to arge in her face. The man for whom she has worked, and secretly helped and selected for her mate, turns with a casual smile to her as an old friend, and she smiles back, a smile gracious with courtesy and well wishing, but palsied with the corror of surprise.

#### Mae Murray at Mystic

Mae Murray has a typical role in her latest Universal Special Attraction. "The Delicions Little Devil," which will be seen today at the Mystic theatre. She plays the part of a cabaret dancer, which of course comes natural to the former star of the Ziegfeld Follies and other Broadway shows. "The Delicious Little Devil," is hailed as the greatest Murray picture ever made.

Miss Murray is east as Mary Mc Guire, a girl of the tenements, who just can't make her feet behave. She loses her place as a hat-check girl by doing a skirt-dance just as the manager happens into the place. Confronted with the task of providing not only for herself, but for a miscellaneous crew of worthless relatives. Mary is seized with a bold

She reads in a newspaper a "want ad" seeking a dancer "with a past" who is wanted at a notorious road house. She invents a "past" that qualifies her for the job, and soon finds herself transformed into a gay creature of the midnight lights. It is when she is expected to justify her "past" that Mary gets into trouble, and the picture races on to thrilling conclusion.

### Aerial Outfit Wardrobe Need

By MARGARET ROHE

"Oh won't you come and fly with

Her "Planetive" suitor cried. The surest think you know," said she and in the house she hied To don her aviating togs.

And soon snug side by side They soared above the fleecy

clouds

In such a lovely ride. She made him "sore" with her

much more Tre she became his bride

San Diego, Sept. 26-When a San Diego belle, or a Chula Vista charmer, or a Coronado queen says "Do drop in for lunch to-day. Percy" its a cinch that Percy will "drop" not figuratively, but literally these days. With the military flying base at Rockwell Field on North Island in San Diego Bay there are so many dashing young swains flying around that matrimonial changes are look ing up considerably.

Back East a mere whiff of orange blossoms presages wedding bells and Hymen's altar, but out here in California where orange blossoms sim ply riot it takes something a bit whiffier and more out of the ordinarv. Pungent odors of gasoline wafted from soaring hydroplanes and aeroplanes indeed have orange blossoms faded as first aid to ro mance, and matrimony on the coast and elopements by the air route ar quite the order of the day.

Pessimists there are no doubt who will opine that in such matches Romance needs must be fleeting. But on the other hand, think how easily when clouds begin to gather on the matrimonial horizon, the young couple may fly to the other side of the clouds where there are only sil-

Anyway, flying beaux are very popular in San Diego. In grandma's days a belle's prestige was regulated by the number of one-hoss shays hitched at the front door stoop, later the row of automobiles overflow. ing the porte cochere summed up a debutante's popularity. Here and around the parental roof tree or settling in the confines of the family ranch stamp the native daughter as the belle of them all.

Think how thrilling to have your best beau fly to your side at the slightest provocation. When Mary from Chula Vista, week-ending at Delmar, receives a fiving visit from dashing Donald, who teaches embryo aviators how to use their wings at North Island, it makes the other girls just die with envy.

He whizzes round the hotel and flys low along the beach and waives all military rules as he waves to Mary and Mary waves to him amid the ocean waves.

Even as love laughs at locksmiths so it also laughs at military rules and regulations and ardent aviators take their best birls up for a spin through the clouds willy-nilly and military orders to the contrary. Hence it is quite essential that every popular young thing number an aviating outfit among her season's wardrobe. Smart effects in leather breeches, jerkin, leggins, close fltting helmets and nifty gauntlets make up her going up costume that holds second place only to her coming out frock. She dons dark ochre haed goggles as well, but not even such a jaundiced tint can detract from the rosy glow that paints her love's young deram above the clouds as she floats away on the wings of love and a 1919 model Spad.

### SEEK STOLEN TIRES HERE

Owners of Helm Garage of Lewisville Visit Local Garages

The owners of the Helm garage in Lewisville were in Rushville yesterday afternoon consulting with the local police, in an effort to locate some stolen tires, which were taken from their garage a few nights ago. The police accompanied the garagemen in a trip around the local garages to see if anyone had sold tires here, and were given a description of the articles which were taken. No clue to the robbery was found in this city.

will be held Monday evening at the enjoy a social evening with the pashome of Miss Katherine Petry in tor. The rooms were beautifully North Sexton street. A request is made for all the members who have not paid their Cross Key money, to oring it to this meeting.

Mr. and Mrs. Willard Brown delightfully entertained a number of out-of-town guests yesterday at their home west of the city. Those enoying the delicious chicken dinner served at noon were Mr. and Mrs Isiah Fleener of St. Louis, Mo., and Mr. and Mrs. Ed Walker of Ind-

Mrs. Lote Carter was hostess for the Marian Social Circle yesterday afternoon at her home in North Morgan street. The ladies present enjoyed the afternoon socially over MRS. ROBERT ALLEN DYER JII various kinds of needlework. Refreshments were served late in the afternoon. The assisting hostess was Mrs. Joe Caldwell.

Mrs. Chester Dearinger was hostess to the Sunshine Club yesterday afternoon at her home in North Jackson street. A bountiful pitchin dinner was served at 12 o'clock. lovers were laid for Mrs. Frank Downey, Mrs. Anna Hawk, Mrs. Robert Jordon, Mrs. Floyd Woods, Mrs. Reeves Woods, Mrs. Earl Downey and son Buford Clair and Mrs. John Nelson.

## An informal reception was given RETURNS TO FIND HE HAS RELATIVES HERE

William Frazee of Marion Did Not Expect to Find Relation After Long Stay Away

WAS SON OF THOMAS FRAZEE

Yesterday at noon a man stepped off the Pennsylvania train at the depot and questioned John Whitton if he ever knew Captain Frazee and as Mr. Whitton said he did, the man asked him if any of his children interesting program was given, con- lived here. Mr. Whitton advised him that one of his daughters married James Gregg of this city.

The man was William Frazee, of Marion, Ind., and was the son of Thomas Frazee who lived here during the Civil war and who was the brother of Captain Frazee. Mr. Frazee, who is a timber dealer, thought he would come back to Rushville and see if things looked natural, but he did not know he had relatives living here. Through Mr. Whitton he learned that Mrs. Gregg and Mrs. Selman Webb were his cousins. He has been in Germany three times and while a resident in this city he lived in the house now occupied by Homer Cole in Buena Vista Avenue and went to school in the house now occupied by Elbert Carr.

#### THEATER FIRE LOSS \$75.000

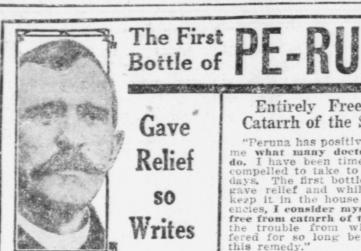

Elwood, Ind., Sept. 26.—The Grand theater, the leading playhouse in this city, was destroyed by fire early today with a loss estimated at \$75,000. The flames are believed to have originated from an electric wire in the rear of the building and were far advanced when discovered,

# FIRE PREVENTION DAY PLANS MADE

Fire Marshal Asks For The Appointment of Fire Prevention Committee in Every City

OCT. 9 SET ASIDE FOR DAY

Observance of The Day by Appropriate Exercise is Urged in All Schools

Indianapolis, Ind., Sept. 26.-Following the issuance of a proclamation by Governor Goodrich, setting aside October 9th as Patriotic Fire Prevention Day, H. H. Friedley, State Fire Marshal, announces that plans for the celebration of the day in Indiana have been completed.

Last year, explains the Fire Marshal, war activities, the Liberty Loan, and the influenza epidemic played havor with plans for a statewide observance of Fire Prevention Day and adds that efforts should be redoubled this year in light of the fact that the conservation of food stuffs and manufactured resource from loss by fire bears an important relation to the cost of living.

The fire loss of the United States says Mr. Friedley, exceeds \$250. 000,000 Indiana's share of this amounting to about \$6,500,00 an nually, and the greater part of this could be prevented by better construction and protection, and especially by the development and enforcement of a sense of individnal responsibility for fires. In addition to property loss, it is shown that over 15,000 are killed and 50, 000 injured annually as a result of fire. Fire claimed 112 victims in Indiana last year.

The appointment of a Fire Prevention Committee for every city and town in the State is asked for | I by the Fire Marshal. In a letter addressed to the Mayors and Town Clerks it is suggested that this Committee consist of eight or ten men merce, the fire department, the puland that arrangements for munici pal celebrations be left to this Committee.

The holding of fire prevention meetings, the public inspection of property by members of the fire de partment, Boy Scouts and other cit izens, and the observance of Fire Prevention Day by appropriate ex ercises in the schools, are all urgeas a part of the general plan for a state-wide celebration.

# The Hot Blast Air Tight

# FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE. Do not be deceived by such false claims and find nt out when too late. Examine the Florence carefully before you buy.

The FLORENCE will burn WOOD as well as coal and will burn coal better than any other stove made

The Only Absolute Smoke Consuming Stove on Earth

No Dirt!

Everything is Consumed

No Soot!

No Smoke!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed

Prices from \$29.00 to \$58.00. Why pay \$15.00 to \$20.00 more for other makes of stoves when they will not equal the FLORENCE

#### LOCAL LAYMEN ARE PRAISED IN REPORT

Continued from Page One

E. V. Hawkins of Connersville was the district chairman jointly with the district superintendent for the financial canvass. He never failed in one single call for duty, and rendered service of the very greatest value. Several laymen as group leaders for the financial canvass also rendered excellent service, particularly F. I. Barrows of Connersville, F. E. Sample of Rushville and T. I. Marshall of Shelbyville. E. B. Thomas of Rushville, as layman, rendered excellent service also, as did many others in a more limited way. Without the full co-operation of these laymen the success of the enterprise would have been difficult if not impossible.

The group leaders among the pastors of whom there were eight, the pastors to whom were committed special tasks, and all the other pastors almost without exception, gave unselfish, vigorous and in some cases masterful service in the campaign. Almost overwhelmed, as many of them were, and as probably we nearly all were at the outset, with the magnitude of the task, they went at it with the intention of doing what Oct. 2-Ott Milspaugh, Fairfield, Ind. they could of doing nothing less | Oct. 10-Amos Sherwood, southeast than their best, and, in harmony of Glenwood. with ancient precedents for works Oct. 6-Miss Blanche Hitt. of faith, today notable victories are Oct. 7-Wm. Berry, 11 miles east of to their credit. L. C. Jeffrey, R. R. Cross, C. S. Black, E. A. Robertson, J. H. French, T. H. Kendall and U G. Abbott assisted the district superintendent in teaming with the pastors in the canvass of their charges.

The first church in the district to go over the top and the second in the conference was St. Paul's, Rushville, C. S. Black pastor. Oversubscription, \$6,000. The third was College Corner, and the fourth charge and first circuit to go over was Glenwood. The others followed until all but two were over. I think these will make it vet.

The Centenary was a revelation. It revealed the latent interest and power of our people. It unbound the grave clothes of many. It opened blinded eyes, healed shriveled hands, made some of the lame to leap and walk. It revealed also the spiritual vacuity and deadness of some. Barring mistakes of impatience and awkardness on the part of those who presented the movement, which sometimes awakened needless irritation and artagonism, the total result of the campaign was wholesome, I think very largely so. It has opened other problems of course and increased certain hazards, as is always the case with progress, but it gave new faith, new self-respect,

new interest, new purpose, it has in part broken up the easy and moribound routine of some of our churches, and evidently prepared the way for better things even as the development of the yeast prepares the dough for the oven.

The order was right: This year, the Centenary, next the revival. We understand our churches better, we understand ourselves better. May we go forward, as indeed we must if we are not to degenerate and diemay we go forward into that way where naught but faith can suffice us, where the only sure thing is God's hand. There and there alone we can be safe and triumphant in

If the appetite of a man were as great as that of a sparrow in proportion to his size, he would eat a whole sheep at one sitting.

our own experience and in our use-

# WITH MINNESOTA

Hopsier Football Fans Will Have Chance to See Fast Game in Indianapolis Next Month

INDIANA PROSPECTS GOOD

Meets Wabash Eleven at Bloomington on Saturday--Much Interest in Games Since The War

Bloomington, Ind., Sept. 26-Hoosier football fans will witness the gridiron classic of the Middle West next month when Indiana clashes with Minnesota at Washington Park, Indianapolis, October 18th.

On the result of this game, football critics will base their opinions as to the probable strength of Minnesota against her old rival, Michigan; and supporters of Indiana then will be enabled to determine the Crimson chances for fighting her way through the heaviest schedule in the history of the state university. When the final whistle blows at Washington Park next month, the thousands assembled there will have witnessed one of the hardest fought games in the history of Wes tern football. Minnesota will send to Indianapolis a combination of vet erans-men who already have fought their way to a Conference championship. But Minnesota wil be met by a team also made up of stars—a team which, even now, In diana supporters are decorating with oredicted victories over Minnesota. Notre Dame and Sumanuse.

"Doc" Williams. Minnesota mentor, will have a great lot of materia from which to mould his 1919 team. 'Pudge" Wyman, star fullback, who promises to develop into one of the greatest quarterbacks the Big Ten has seen in a number of years, will be in uniform. Oss, Minnesota basketball player, is a candidate for the team, and Coach Williams is expecting great things of hinr. Then there s Mayer, tackle of 1916 and 1917: Vernon Williams, lineman: Flinn, end in 1916, and a number of others.

Bert Baston, All-American end in 1915 and 1916, will be an assistant in the Gopher coaching staff, and his experience and faculty for keeping dissension out of the ranks probably will prove invaluable.

Coach Stiehm, however, is not worried by the glowing reports from the Gopher camp. Indiana has equally good prospects. When the Crimson squad trotted onto Jordan Field last week for preliminary training, stars of 1916, 1917 and

#### Rheumatism Leaves You Forever.

Deep Seated Uric Acid Deposits Art Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheuma tie sufferer in this vicinity that if two bottles of Allenrhu, the sure conqueror of rheumatism, does not stop all agony, reduce swoller joints and do away with even the slightest twinge of rheumatic pain he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenrhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful al traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed, all druggists to guarantee it in every instance, adv.

# THE ACME LINE

Acme Worm Bouncer Bounces the Worms

Acme Pig Meal Equal to Milk

Acme Calf Meal A Real Milk Substitute

MR. CUSTOMER:-

You will find bill of lading enclosed. Keep this bill of lading until goods arrive.

HOW TO FEED ACME WORM BOUNCER

1st-Place the Self Feeder where you feed and water your hogs, thereby have the feeder just as convenient as possible. Can be placed out of doors, as there is little or no waste on account of rain. Do not allow cows, calves or horses to have access to the SELF FEEDER. They will break it up. The Self Feeder is for hogs and sheep only.

2nd-If you are feeding your hogs tankage, mix the ACME WORM BOUNCER with the tankage. If 40 hogs are eating 40 pounds of tankage a day, mix 2 pounds of WORM BOUNCER with each 40 pounds of tankage if hogs are in bad condition, or infested with worms, otherwise mix 1 pound of ACME WORM BOUNCER with 40 pounds of tankage.

3rd-Do not feed your hogs salt when feeding ACME WORM BOUNCER, as it contains the small amount of salt that hogs require.

4th—If your hogs are in bad condition, mix about 25% of oats with all the ACME WORM BOUNC-ER they eat for the first week. The object is to induce the hogs to eat a quantity sufficient to expel the free intestinal worms (if they have any).

5th-To fight worms successfully, you must feed ACME WORM BOUNCER continually. Worms will form in a few days after you discontinue feeding the worm expeller.

6th-NOTICE: ACME WORM BOUNCER is not a remedy which will do eyerything. ACME WORM bouncer is a remedy which will expel the free intestinal worms from hogs, horses and sheep, if they have any, will prevent those worms, keep the appetite good, and the bowels just right (preventing constipation) and thereby prevent over 90% of the so-called HOG CHOLERA for the small cost of about 62c per month.

ACME WORM BOUNCER does not take the place of feed, neither will it expel any other worms except the free intestinal worms. Thorn-headed worms, kidney worms and lung worms cannot be

of October.

There was a light frost last night City Council Will Take More Time in Acting on Estimates for Light Plant Machinery.

TO DOUBLE THE CAPACITY.

Erection of Plant Annex is Not Discussed at Meeting-May Enlarge Present Building.

The city council met last night in a special session, at which time they received bids for equipment to be purchased, which will double the capacity at the electric plant, and after receiving the bids, and hearing the representatives of the five bidders, the council decided to take more time in going into the details of the bids.

The specifications for the machinery are complex, and the council did not wish to jump at any one bid too readily, until a thorough investigation of the contracts could be made.

The matter of building an ame: to the present plant was not di against Sanford Heaton found for cussed at this meeting, and the committee which was appointed to look into the matter, has not made a definite report. In all probability the present plant will be enlarged, by tearing down one of the walls, and peal from Squire Stech's court adding to it.

> The bids as submitted last night will not miss the first estimate very far, as the average for the bids last night ranged from \$20,000 to \$25,-

Before taking up the matter of bids, a petition was presented to the council signed by Dr. D. H. Dean and J. D. Case, asking permission from the council to pave with cement. 160 feet in the alley between their two houses. The paving will extend from Main street to the intersection of the north and south streets.

The petition asked that they be granted the right to pave at their own expense, following the specifications of the city council. There being no reason why the petition should not be granted, the city council passed fit, instructing the city engineer to oversee the work.

Of the five companies which bid on the equipment last night for the water and light plant, most of them submitted two bids, which included different types of equipment. One equipment, as the council had ad-

## REVISED BOOKS TO HELP THE SHORTAGE

Committee is Appointed to Buy Them at Today's Session of State **Education Board** 

BILL FOR SPECIAL SESSION

(By United Press.)

Indianapolis, Ind., Sept. 26.—The investigation of the school bool shortage in Indiana schools result ed in the state board of education, which held a meeting today, appointing a committee to purchase reised books for distribution among schools and to prepare a bill to be gon. introduced at the special session of the legislature which probably will convene this fall.

No immediate action was taken by the board on the shortage following a promise of all publishers involved that they would fill all orders by

Despite the fact that some of the publishers have violated their conthan to cancell he contracts, it is declared.

## RIGHT TO A DAY IN COURT. ISSUE

Samuel Gompers Says Steel Workers Have Repeatedly Been Deprived of **Nego**tiations

BEFORE SENATE COMMITTEE

Asserts Steel Companies Guilty of Systematic Effort to Eliminate American Workers

(By United Press.)

Washington, Sept. 26.-Labor's right to a day in court is the issue in the steel strike. Samuel Compers hend of the American Federation of Labor told the senate investigating committee today

Gompers was the second witness ordered by the senate.

"In the last twenty-five years steel workers have repeatedly been deprived of negotiations," he said. "This was done with all the power wealth and influence of the steel orporations. They were denied this by illegal and brutal means."

The committeemen believed they were on the way to bringing together the employe and employers with the executive's aid.

Efforts are being made to get E. H. Gary to agree to arbitration which John Fitzpatrick told the senate yesterday was the means in which to bring the men back to the

The situation is reaching white heat and the need for a settlement s necessary,

Continuing his testimony, Compers charged that the steel companies had been guilty of a systematic effort to eliminate American workers from their plants by substituting foreigners.

#### Strikers Fire on Loyal Men

Pittsburg, Pa., Sept. 26.-Strikers and state and local police enalley, between Main and Morgan gaged in a long range gun battle at Clairton early today.

Strikers began firing on men who were on their way to the steel plant for the day's work. It was dusk and only the flash of the guns of the strikers revealed their whereabouts,

Expecting possible trouble, the state and local police were lying in wait and immediately returned fire and gave chase. They captured three men. It is not known whether any of the strikers were hit.

With plants in the Pittsburg distriet slowly but surely gaining company had a bid for second hand ground, the next step of the union leaders will probably be an attemp

## JOHNSON STARTS FOR PACIFIC COAST TODAY

Will Make Speeches in California, Gregon and Washington in Opposition to League FIGHT CENTERS ON ARTICLE 10

(By United Press.)

Washington, Sept. 26-Senator Hiram Johnson was off for the Pac ific coast today to present his side of the league of nations in opposition to President Wilson's views.

Johnson will go first to San Francisco and expects to make speeches in California, Washington and Ore-

His speeches will be the first made in the coast cities in opposi tion to the league.

Johnson expects to devote himself in his fight on Great Britain's six votes and article 10 of the covenant.

It has been agreed that Johnson's amendment proposing to equalize the vote of the United States and Great Britain will be the last to be voted on: This will leave Johnson free to make his trip.

# TO PREVENT CROSSING LINEI

Steubenville, O., Sheriff Asked to Stop Steel Workers

(By United Press.)

Columbus, Ohio, Sept. 26.-Gover Cornwell of West Virginia, today wired Governor Cox that 4,500 men from the vicinity of Steubenville were reported to be planning to cross the Ohio river into Hancock Va., and compel workers to quit the steel plants.

Any such efforts, Cornwell warned, will be regarded as an attack on the soverignity of West Virginia. Cox immediately wired the sheriff in Steubenville to try to prevent this step if contemplated.

## FIRST SHIPMENT OF ARMY FOOD ARRIVES

Consists of 10 Cases of Vegetables, 4 Cases of Bacon and 4 Bags of **Dried Beans** 

#### ARRANGEMENTS FOR DELIVERY

The first of the war department surplus food ordered through the Rushville postoffice arrived at the office late yesterday afternoon and today Postmaster G. P. Hunt made arrangements for those who bought the food to call for it or for the rural mail carriers to deliver it in their machines.

The advance shipment, which came by freight, consisted of ten cases of canned vegetables, four cases of bacon, and four 100-pound bags of dried beans. The vegetables were: four cases of peas, three cases of corn, two cases of tomatoes and one case of stringless beans.

The shipment did not include the first order sent in from this office, as was expected by the postmaster, It would be next to impossible for the parcel post carrier to deliver the food, because it is too bulky, and he Walker, in his report, to the Milroy has nothing but a small push eart to deliver the parcel post. For this rea- in the Connersville district to go son the postmaster asked those buying the government food, who own Other churches and pastors in the some kind of a vehicle, to call for theirs. The rural mail carriers will noteworthy efforts in the Centenary help deliver the remainder.

## MARINES TURN TOWN **OVER TO JUGO-SLAVS**

News Agency Dispatch Says Ameri- The over-subscription is about \$42, cans Landed at Trau and Compelled Italians to Withdraw

#### A REPORT FROM COPENHAGEN

(By United Press.)

London, Sept. 26.-Two hundred American marines landed at Trau on the Dalmatian coast and turned the cordial and vitally helpful asthe town over to the Jugo-Slavs, af- sistance of many of our laymen, and detachment to withdraw after cap- people generally to the great Centuring the Italian commander and Agency dispatch from Copehagen reported today.

#### Asks For Verification

Washington, Sept. 26.-The senate todáy adopted a resolution asking of the navy department whether the report of the American marines landing in Trau was true. Senator Kendell offered the resolution.

#### Crown Council Meets Today

Rome, Sept. 26 The crown council meeting to consider the crisis at Finme brought on by Gabrielle d' Annuncio, convened at 9:30 this morning. An adjournment was taken at noon and the session was resumed at four o'clock and continued

## LOCAL LAYMEN ARE PRAISED IN REPORT

Judge Will M. Sparks and E. B. Thomas Among Those Given Credit For Centenary Work

REPORT TO M. E. CONFERENCE

St. Paul's Church Gets Credit For Being First to Make Quota-C. S. Black is Re-elected

Unstinted praise for ministers as well as laymen, among the latter being Judge Will M. Sparks and E. B. Thomas of this city, and likewise praise for St. Paul's M. E. church of this city which was the first in the district and the second in the Indiana conference, to pass its quota in the Centenary campaign, is found in the annual report of the Rev. J. M. Walker, superintendent of the Connersville district, given at the eighty-eight session of the Indiana M. E. conference in session at the Central Avenue church. Indianapolis, this week.

The Rev. Clyde S. Black of St. Paul's church, who is also given credit in the report for his services in the campaign, was re-elected statistician of the conference for the tenth consecutive time. The Rev. F. M. Westhafer, pastor of the Arlington circuit, was chosen auditor of the conference at the annual

The question of higher salaries for ministers was considered when the reports of the district superintendents were made. The Rev. Mr. Walker said that nine pastors in the Connersville district are forced to supplement their incomes by working on farms or in other lines of business, because their salaries are not sufficient to permit them, to live comfortably. Other superintendents reported similar conditions.

Credit was given by the Rev. Mr. M. E. church for being the second over the top on its Centenary quota. county were also praised for their campaign by the Rev. Mr. Walker. who said in part, in making his re-

I am glad to report that several days before the time set for the Centenary canvass in our conference the Connersville district, according to the phrase, "went over the top."

I wish to record my deep appreciation of the leadership of our great church leaders in this campaign; of the helpfulness of every Centenary representative from without who entered the district: of the earnest, determined, prayer-infeeted work of our pastors, and of ter the latter compelled the Italian of the generous response of our tenary appeal and opportunity. The an armed car with crew, a News best reward that any can have is the consciousness of having met a great hour nobly and of receiving the blessing of God which always accompanies such conduct.

C. C. Hull and his brother, W. O. Hull, of Connersville were the joint leaders of our Minute Men. The spirit with which they took up and carried forward this work was an inspiration. While all the Minute Men Group Leaders deserve praise. Judge Will M. Sparks of Rushville and W. F. Bossert of Liberty deserve special mention. I doubt whe ther any group leaders in the United States handled their groups bet-

ter. The work of the Minute Man was an inspiration to the people and to the speakers themselves. Evident: ly a larger use of laymen must be in the church's program for the fu

## Let Your Hogs Choose

If you give your hogs a chance to choose among different feeds, you will find that they go for Swift's Digester Tankage first. They crave for protein. They need it.

Poor pastures are handicapping your hog production. If you want the best results, you must supply protein else-

80 per cent tankage, though a little higher per 100 pounds, is much cheaper than other protein hog feeds in the long run because of the large proportion of protein it

Of all 60 per cent tankages you will find Swift's superior.

Why?

Because every bit of that 60 per cent is available. Because the filler is made of valuable rations such as fat and phosphates.

Because the hogs themselves prefer it.

## Your Red Cross Is Still Busy

READ WHAT YOUR DOLLAR IS DOING

## RED CROSS EXTENDS **ACTIVITIES TO BENEFIT** RURAL COMMUNITIES

THE Red Cross is your Red Cross, serving you at home, representing you abroad. It is for you, now that the war emergency is past, to make the most of its far-reaching ability to

Home Service work, undertaken by the Red Cross Department of Civilian Relief, served in war time to aid the families of fighting men and to relieve anxiety of soldiers in camps.

Out of experience gained in this work comes the Red Cross plan for the future. The common objective of all Red Cross work is to improve general living conditions, to conserve the health and to promote the welfare of all people.

In the larger cities community improvement has already reached a high state of development. It is left for the Red Cross to assist in furthering such work at the request of estab-

lished agencies. But in the small cities and towns the Red Cross service is only limited by the interest and response of the public to the opportunity offered by the peace time extension of the Red

Home Service is not charity work. The Red Cross organization is open to All may benefit by making the most of its far-reaching ability to

Health, education, the development of the public health nursing idea and allied forms of community betterment work will be dealt with as individual problems where Red Cross assistance

### **NEW DIRECTOR STATES** PLANS FOR R. C. EXTENSION IN THE RURAL DISTRICTS

O you know that there are 3,700 Home Service Sections now operating under the Red Cross organization in the United States. Of these, 2,900 are in places having a population under

With these facts in mind, the Bu reau of Rural Organization has been created in the Red Cross Department of Civilian Relief, and Prof. E. L. Morgan, of the faculty of the Massachusetts College of Agriculture, has been appointed director. In the future every Red Cross worker is to be informed as to where the community can get help in other than Red Cross work, and will consider it part of his duty to connect the community with

those sources of help. "The: are numerous problems," says Professor Morgan, "which can be met only on the basis of a county. There are a number of counties in which this sort of work has been done and the following has been the gen-

eral procedure: "1. A get-together of the county agencies for exchange of plans and projects and for mutual information about the work of each.

"2. A study of the county concerning the outstanding needs of the county as a whole and certain towns in particular.

"3. A conference of the people

"3. A conference of the people called by these various agencies.

"4. The presentation by various agencies of their program of work for the coming year.

"5. Some sort of medium through which the county-wide agencies may come together frequently to keep in touch with each other.

"The Ped Cross does not assume

"The Red Cross does not assum that it is a correlative agency with a purpose of assembling other bodies.

"It is the plan of the workers to develop rural organizations in the varlous Red Cross divisions as rapidly as is feasible so that the development of the rural community, the heart and soul of country life, may be brought

REPORT SHOWS INCREASE IN HOME SERVICE WORK DURING THE PAST MONTH

HILE the new work of the Red Cross Home Service sections is being launched throughout Ohio, Indiana and Kentucky, the aftermath of war cases is not being neglected.

The last monthly report from the Civilian Relief office in Cieveland shows 108 home service sections organized in Ohio-106 in Indiana and 144 in Kentucky. These 257 organized bands of workers have dealt with 40,709 families during the mouth—giv-ing specialized information in 18,716 instances and randering tangible our ice in 30,624 cases

#### RIGHT TO A DAY IN COURT IS ISSUE

to tie up the big Bethlehem Steel company's plant, which employes approximately 50,000 men.

President Grace, of the Bethlehem company having refused to grant the steel workers committee a conference the union organization is expected to take action between now and Monday.

#### To Try For Arbitration

Washington, Sept. 26.-An effort to induce Judge E. H. Gary and the steel employes to submit to arbitration will be attempted as the second step in the senate labor committee; efforts to end the nation wide steel strike it became known today.

Having obtained the statement from John Fitzpatrick, strike chairman, that the men would return to work on a promise of just arbitration, the strikers are now awaiting a similar promise from Judge Gary. it was said.

This solution will not be pressed upon the employers until Gary appears next Wednesday before the senate investigating committee.

The fact that Gary said he would not deal with union leaders will not keep the senators from making an attempt to end the strikes.

#### No Arbitration, Says Gary

New York, Sept. 26 .-- That "questions of moral principle can not be arbitrated nor compromised" is the position taken by E. H. Gary, of the United States Steel Corporation, in reply to a statement by John Fitzpatrick, strike leader, that the men would go back to work it their employers would arbitrate.

When shown a report last night of Fitzpatrick's testimony before the senate committee at Washington in regard to arbitration Mr. Gary was at a dinner given by Baron Kondo, president of the Japan Mail Steamship Company. Breaking the silence he has maintained since—the beginning of the strike, Mr. Gary wrote a statement while sented at the table and then, calling the newspaper men into the hall, read it to

"The board of directors of the United States Steel Corporation are the representatives of nearly 150,-000 stockholders, including from 60,000 to 70,000 employes," ran the statement. "We are their servants and are selected to represent and protect their interests and also the interests of all our 250,000 employes, the majority of whom, I think, are not members of labor un-

"Moreover, I believe our corporation is under great obligations to the general public concerning the issues involved in the pending strike. In these circumstances, I would not at present assume to answer the question propounded to me."

#### BARRETT TO RESIGN

New Orleans, Sept. 26.-John Barrett, director-general of the Pan-American Union since 1907, announced here today he would resign from the office at the November meeting of the union.

#### That Mythical 80 Percent

The Richmond Palladium, in conducting a canvass on the peace treaty and league of nations in Richmond and elsewhere in Wayne county, has found that mythical cighty percent of the people, whom President Wilson says favor the treaty without reservations amendments, does not hold true there. The Palladium has found more opposition than anything else to the document, for the ratification of which, the president is going up. and down the country denouncing those who have the temerity to voice suggestions.

In Wednesday's poll of the Palladium, 78 shopmen voted against the treaty and 55 for it, whereas 70 farmers cast favorable votes and 44 were opposed. Only 215 persons out of the 641 who voted, want qualifications, and of these, 56 are for the league if no chances are made in the text, and 159 are against it in the latter case.

Staunch Americanism and distrust of foreign entanglements, are among the reasons cited by opponents of the league. Especially distrust and dislike of England are noted. Among the most interesting comments are;

"No amendments necessary: just reject the whole damned thing and tell England to go to hell."

"Let other countries take care of their silver".

"To be under control of a world power we surrender our personal liberty established by the founders of our country".

"The policy that has built the country to its present standing suits me, and should suit every real American. Let the English fight their own battles, that's me".

"Too much secrecy: congress ought not consider it for a moment; it is un-American and autocratic."

"A real American cannot answer otherwise." (Than by total reject-

"Let England fight her own bat-

"America has 100,000,000 people and can accomodate 300,000,000, so why worry about Europe, and just let any half dozen, the world over, try to invade the good old U. S. A.!?

"If you are going to free the world, why forget Ireland. She belongs with us white people. Forget spagetti and think of the shamrock." "Down with the kings."

"I am a discharged enlisted man with two years' service. I am against the league in any form. I am satisfied that I can find at least 50 returned men of the same mind."

"I think as it now stands that this country would have to carry too much of other nations' burdens.

Conclude peace with Germany first, Tanlac and it has done even more then thrash this out." "Am not in favor of giving any

"Hold the Monroe Doctrine" .-

"If He kept us out of war we couldn't hear anything about this

e in the white house, that is in Inlow and Arlington by Mrs. L. top or home more for the United Daris (2011)

States and not so much for foreign countries:"

"Until the critics present a better plan than this, I favor the league

with reservations." "There isn't a drop of Democratic blood in men and I never voted for President Wilson, but I think he is trying to do what is right for all"

#### Judgment in Eclipse.

Americans like to point to the census figures as proof of the wonderful growth and progress of the country. A high birth rate is regarded as proof of healthy growth This nation, containing upward of 100,000,000 souls, is a most potential force. But sometimes our enthusiasin eclipses our judgment in such matters and we overlook' some important considerations.

Physical defects discovered by army examiners showed that about forty percent of the young men conscripted were unfit for soldiering. When the "very Flower" of our manhood is incapable of doing a man's works, it suggests a much inferior physical standard among the rest of the population. Tuberculosis, venereal diseases, deformities, principally of the feet; defective teeth, and numerous other handicaps and delinquencies were the causes of the rejection of such a number that our

## Former Sheriff **Indorses Tanlac**

Money Couldn't Buy The Good It Did Me," Says Hon. A. R. Anderson

"Money could not they the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Texas, Ex-Sheriff of Harris County recently.

Mr. Anderson is unquestionably not only one of the best known, but one of the most popular men who ever held public office in the state of Texas. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of

Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Then Mr. Anderson declined re-election and retired to private life. He east his lot among the people of Houston and is a large property owner and foremost citizen of that interesting and prosperous city.

"I was in a run-down condition." continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings, I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stoamch and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way: I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of bles like mine I just felt like I pidors." couldn't make a mistake by taking for me than I had expected. I began to feel better after taking my other nation more votes than Amer- first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and cat just any and everything wouldn't hear anything about this fort afterwards. I am glad to end in the white hear anything about this fort afterwards. I am glad to end in the line of nations tulk."

"I am an American and stand for work and I'm telling all my friends are considered. Contributions will just what I'm telling all my friends are considered. Contributions will just what I'm telling you. I min will into the returned unless stamped ending country."

"We'do not need any kaisers in and let every suffering person who alosed. Mail stories to gointest edings country."

The bait looks good but the English hook is 160 plain, that soully a like the soully a like to be a like to be a like to be and take it."

Sep and Salt

By BERT MOSES

Old age doesn't show until you try to hide it.

Recipe for losing your money: Bet on a "sure thing."

Religion would rule the world if there was but one kind.

No newspaper can exist if it doesn't print what the people want.

It is only a question of days until the man who gambles for money loses his job.

Hez Heck says: "The man who marries a beautiful woman is in direct line for 57 varieties of tron-

population might well have been calculated on a basis of 50,000,000. The latter number is now burdened with the present and prospective responsibility for making up the deficiencies, caring for the sickness and insanity and death, inevitable in such a showing.

It is estimated that from 2 to 24 percent of the young men examined were suffering from nervous diseases, many of these due to venereal infections which are fore-runners of insanity. These figures warrant the assumption that four percent of the civil population is destined to a similar degeneration. In other words, of 100,000,000 population we must anticipate 4,000,000 insane.

Isn't it worth while to direct some of the effort and part of the money now appropriated for charities and benevolences toward preventing such an appalling situation?

Shame on the fellow who remarked that "lots of men would be good husbands if they had better wives". That's the time he caught the wrong pig by the tail.

It matters not whether they are bolshevists, or bolsheviki. The stinger should be withdrawn, the poison eliminated, and the carcas kicked into a country more congenial to their insanity.

It may be true that "blind tiger" are in existence still, but it requires a wide open eye to safeguard their

Presidential booms are still pipping, but few of them have reached the hatching stage.

After all, about the worst punishment we could dole out to Mexico would be to let Japan in.

The Ace of the Road is in advance of other cars due to the Bush frame which makes the Lexington very easy riding. The Moore Multiple exhaust saves gas and increases power more than 22 per cent. Oiless bushings make the Lexington independent of personal attention, due to the fear of need of oil and many other features which the Lexington engineering force has specialized on.

Let us explain these excelling features to you-It is worth your time.

Spivey & Green

#### Amusements

#### <del>\*\*\*\*\*\*\*\*\*\*\*\*\*\*</del> Lillian Gish at Princess

<del>++++++++++++++++</del>

Persons who have ever had to smile while their hearts were breaking, will never forget the performance of Lillian Gish in "True Heart Susie," the latest D. W. Griffith Artcraft picture which will be displayed at the Princess theatre for the last time tonight.

Since her appearance in "Broken Blossoms," Mr. Griffith's tremendous artistic sucess that has been the sensation of New York, Miss Gish is conceded by all the metropolitan critics to be one of the foremost actresses on the sereen, but many believe she has surpassed all previous work in her characterization of the heart-broken little girl who hoped to marry her girlhood sweetheart, and found him, instead, with his arms about a comparative stranger, whom he had asked to marry him.

With her aunt she is invited to the minister's home, to hear him play the little church organ, quite a social event in the community: Just for a little surprise, she joyfully runs ahead of her aunt, tiptoes through the open door, and

The tumult of her heart seems to surge in her face. The man for whom she has worked, and secretly helped and selected for her mate, turns with a casual smile to her as an old friend, and she smiles back, a smile gracious with courtesy and well wishing, but palsied with the horror of surprise.

#### Mae Murray at Mystic

Mae Murray has a typical role in her latest Universal Special Attraction. "The Delicious Little other Broadway shows, "The Delicions Little Devil," is hailed as the greatest Murray picture ever made.

Miss Murray is east as Mary Me-Guire, a girl of the tenements, who just can't make her feet behave. She loses her place as a hat-check girl by doing a skirt-dance just as the manager happens into the place. Confronted with the task of providing not only for herself, but for a miscellaneous crew of worthless relatives. Mary is seized with a bold idea.

She reads in a newspaper a "want ad" seeking a dancer "with a past" who is wanted at a notorious road house. She invents a "past" that qualifies her for the job, and soon finds herself transformed into a gay creature of the midnight lights. It is when she is expected to justify her "past" that Mary gets into trouble, and the picture races on to thrilling conclusion:

#### WORK IN E. A. DEGREE

## **Detroit Weatherproof** All Season Tops

it's an attachable top rather than a detachable top. We say this because it is so easy to put on. You are protected from the cold winter weather or in summer it can be all opened in a very few minutes to permit the freest vision and ventilation. It has flexible sliding doors that can be opened any desired height. It is simple in construction, no rattling and exceedingly well finished inside and out.

LOWEST PRICED, SATISFACTORY TOP ON THE MARKET.

#### Aerial Outfit Wardrobe Need

By MARGARET ROHE

'Oh won't you come and fly with

Her "Planetive" suitor cried, The surest think you know," said she and in the house she hied To don her aviating togs. And soon snug side by side

They soared above the fleecy clouds

In such a lovely ride. She made him "sore" with her

much more Ere she became his bride.

San Diego, Sept. 26-When a San Diego belle, or a Chula Vista charmer, or a Coronado queen says "Do drop in for lunch to-day, Percy". its a einch that Percy will "drop" not figuratively, but literally these days. With the military flying base at Rockwell Field on North Island in San Diego Bay there are so many dashing young swains flying around that matrimonial changes are looking up considerably.

Back East a mere whiff of orange blossoms presages wedding bells and Hymen's altar, but out here in California where orange blossoms simply riot it takes something a bit whistier and more out of the ordinary. Pungent odors of gasoline wafted from soaring hydroplanes and aeroplanes indeed have orange blossoms faded as first aid to romance, and matrimony on the coast. and elopements by the air route are quite the order of the day.

Pessimists there are no doubt who will opine that in such matches Romance needs must be fleeting. But on the other hand, think how easily when clouds begin to gather on the matrimonial horizon, the young couple may fly to the other side of the clouds where there are only silver linings.

Anyway, flying beaux are very popular in San Diego. In grandma's days a belle's prestige was regulated by the number of one-hoss shays; hitched at the front door stoop, later the row of automobiles overflowing the porte cochere summed up a debutante's popularity. Here and now the number of planes huzzing around the parental roof tree or settling in the confines of the family ranch stamp the native daughter as the belle of them all.

Think how thrilling to have your best beau fly to your side at the slightest provocation. When Mary from Chula Vista, week-ending at Delmar, receives a flying visit frem dashing Donald, who teaches embryo aviators how to use their wings at North Island, it makes the other girls just die with envy.

He whizzes round the hotel and flys low along the beach and waives all military rules as he waves to Mary and Mary waves to him amid the ocean waves.

Even as love laughs at locksmiths so it also laughs at military rules and regulations and ardent aviators take their best birls up for a spin through the clouds willy-nilly and military orders to the contrary. Hence it is quite essential that every popular young thing number an aviating outfit among her season's wardrobe. Smart effects in leather breeches, jerkin, leggins, close fitting belierts and nifty gauntlets make up her going up costume that holds second place only to her coming out frock. She dons dark ochre haed goggles as well, but not even such a jaundiced tint can detract from the rosy glow that paints her love's young deram above the clouds as she floats away on the wings of love and a 1919 model Spad.

#### TIRES HERE

Owners of Helm Garage of Lewisville Visit Local Garages

The owners of the Helm garage in Lewisville were in Rushville yesterday afternoon consulting with the local police, in an effort to locate some stolen tires, which were taken from their garage a few nights ago. The police accompanied the garagemen in a trip around the local erages to see if snyone had sold tires here, and were given a description of the articles which were akan. No clue to the robbery was oand in this city.

Bagdadis famous for its breed of white asses. Their ears and tails are sometimes colored a bright red.

## RETURNS TO FIND HE HAS RELATIVES HERE

William Frazee of Marion Did Not Expect to Find Relation Af-

WAS SON OF THOMAS FRAZEE

Yesterday at noon a man stepped off the Pennsylvania train at the depot and questioned John Whitton if he ever knew Captain Frazee and as Mr. Whitton said he did, the man asked him if any of his children lived here. Mr. Whitton advised him that one of his daughters married James Gregg of this city.

The man was William Frazee, of Marion, Ind., and was the son of Thomas Frazee who lived here during the Civil war and who was the brother of Captain Frazee, Mr. Frazee, who is a timber dealer, thought he would come back to Rushville and see if things looked natural, but he did not know he had relatives living here. Through Mr. Whitton he learned that Mrs. Gregg and Mrs. Selman Webb were his cousins. He has been in Germany three times and while a resident in this city he lived in the house now occupied by Homer Cole in Buena Vista Avenue and went to school in the house now occupied by Elbert Carr.

#### THEATER FIRE LOSS \$75,000

Elwood, Ind., Sept. 26.-The Grand theater, the leading playhouse in this city, was destroyed by fire early today with a loss estimated at \$75,000. The flames are believed to have originated from an electric wire in the rear of the building and were far advanced when discovered.

#### Most Honored Man in Cincinnati Is Pat Moran, Manager of the Reds

Demanded-a Pennant Winning Team in The National League.

They are calling Pat Moran the who piloted the Reds into the first world's series in 50 years is hailed by Cincinnti fans as the greatest man in baseball. There are no superaltives fitting enough to express the regard of the Ohio bugs for that Fitchburg prodigy, who gave the river town what it had been yearning! for 50 years-a national league pen-

It was a miracle the red-faced, smiling boss of the Hermann club pulled in landing at the top of the ladder a team that was doubtful as a first division aggregation early in the season. George Stalling's beat in 1914 when he shoved the Braves out of the cellar in the middle of July and ran them headlong to the pennant is the only performance that compares with Moran's miracle.

Stallings, however, has but one miracle to his credit. Moran outshines him for he has a pair that mark him as the "super-miracle" performer, for he pulled a similar feat in 1915 when he ran the Phillies, an outsider in the race, to a

It was the sheer force of a personality, which has made him the most popular man in baseball, mixed with a head full of baseball brains that spelled his success with the

and every flag station of the coun- title and several of the clubs thought

For the First Time in Fifty Years try. They wanted to see him win to He Brings Forth What The City remove the black eye which the Philadelphia owners gave him by tying the can to him after he had given them a pennant.

But the applauding galleries and the howling stands of the ball yards "Miracle Man" of 1919. The man didn't win for him. What he did is more or less uncertain.

There has been good material on the Red Clubs of the past and they have been managed by the best baseball brains of the game including Griffith, Herzog, Mathewson et al. But they failed. The wail was universal that there were too many managers on the board of directors. The complaint was made that the owners wouldn't buy good timber to bolster up the club.

Moran won, though, and he won without the money bag. He took a semi-motley crew of cast-offs, players whom he hended on to the Cincinnati park when they were being handed one-way tickets to the minors from other clubs. He took Daubert, Magee, Rath and Kopf when other clubs had hung the finished sign on them and moulded, a team that won the bunting.

The same thing may be said of his pitchers, Sallee, Fisher, Eller and Reuther had had their whirl, but no manager was chasing after them. Moran took them, coached them. nursed them, taught them control and made the most effective pitching staff in the league.

Baseball brains was represented in those feats. But it was his personality that oiled the mechanism and kept the machine tuned up. He Pat had the fans with him all sea- | had some little antagonistic spirit to son, not only in Cincinnati, but in overcome when he took the reins. every stop of the National league Heinie Groh was all set for the 'Mgr'

he deserved it. But Pat smoothed ARMY VS. NAVY IN that over, brought about a spirit of he deserved it. But Pat smoothed cooperation, put a winning kick in the team and has had them for him alll season.

The only time Moran opens his mouth to speak of the feat is when he takes occassion to pay tribute to "his boys".

Recently in New York he said: "Don't give me the credit. The boys there on the bench have done the work".

That's what won for him.

Moran is 43 years old. He was born in Fitchburg, Mass, Feb. 7. 1876. He started out 23 years ago with Lyons, N. Y. in the New York State League. He went to Montreal for two years and then signed up with the Braves as catcher in 1901. In 1906 he went to the Cubs and was receiving for Frank Chance when the famous old machine was winning pennants in 1896, 1897 and 1898. He went to Philadelphia in 1910 and succeeded Charley Dooin as manager in 1915, winning a pennant. When he was relieved of command, McGraw signed him as assistant manager and coach and released him this spring to take the Red management. Pat then went out and took the pennant away from his benefactor.

French scientists have obtained 14 per cent of sughr and 60 percent of alcohol from a cactus that grows prolifically in Algeria.

Entrants Free in Predictions of Shattering Record Held By Hawley of New York.

#### THE RACE IS FOR DISTANCE

St. Louis, Sept. 26-Army, and navy airmen will get away this aftermoon in the first after-the-war balloon race. The race is for dis-

Entrants to-day were free in predictions of shattering the long distance record now held by Allan Hawley of New York City. They declare with the Improvements made in gas bags since Hawley flew 14,500 miles from St. Louis in 1909, their chances are excellent.

Three entries each from the army and may will get away when Major Charles J. Glidden of New York signals the race is on at 4:30 today. The six bags have been here for the last few days in preparation for the flight. All are of 50,000 cubic

The navy is represented to-day by eams from the United States Naval Station at Akron, Ohio, United States Naval Station, Pensacola, Fla., and the Navy Department Washington, D. C. The three army balloon teams are from the United States Army Balloon School at Omaha, Neb., Brooks Field, San Antonio, Texus, and Langley Field, Va.

Contestants and visiting army and havy officers last night were guests of the Missouri Aeronautical Society which is sponsor of to-day's race.

## FIRE PREVENTION DAY PLANS MADE

Fire Marshal Asks For The Appointment of Fire Prevention Committee in Every City

OCT. 9 SET ASIDE FOR DAY

Observance of The Day by Appropriate Exercise is Urged in Alf Schools /

Indianapolis, Ind., Sept. 26 .- Following the issuance of a proclamation by Governor Goodrich, setting aside October 9th as Patriotic Fire Prevention Day, H. H. Friedley, State Fire Marshal, announces that plans for the celebration of the day in Indiana have been completed.

Last year, explains the Fire Marshal, war activities, the Liberty 📕 Loan, and the influenza epidemic, 🔟 played havoc with plans for a statewide-observance of Fire Prevention Day and adds that efforts should be redoubled this year in light of the fact that the conservation of food stuffs and manufactured resources from loss by fire bears an important relation to the cost of living.

The fire loss of the United States says Mr. Friedley, exceeds \$250,-000,000 Indiana's share of this amounting to about \$6,500,00 annually, and the greater part of this could be prevented by better construction and protection, and espequally by the development and enforcement of a sense of individnal responsibility for fires. In addition to property loss, it is shown that over 15,000 are kilfed and 50.-000 injured annually as a result of 📕 fire. Fire claimed 112 victims in Indiana last year.

The appointment of a Fire Prevention Committee for every city 📕 and town in the State is asked for by the Fire Marshal. In a letter 📕 addressed to the Mayors and Town 🕍 Clerks it is suggested that this Committee consist of eight or ten men and women, representing the city government, the Chamber of Commerce, the fire-department, the publie school, and the women's clubs, and that arrangements for municipal celebrations be left to this Committee.

meetings, the public inspection of Figure 1. property by members of the fire department, Boy Scouts and other citizens, and the observance of Fire Prevention Day by appropriate exercises in the schools, are all urged as a part of the general plan for a Music state-wide celebration.

# The Hot Blast Air Tight

Beware of imitations or people who claim to have 'a stove like or just as good as the FLORENCE Do not be deceived by such false claims and find nt out when too late. Examine the Florence carefully before you buy.

The FLORENCE will burn WOOD as well as coal and will burn coal better than any other stove made?

The Only Absolute Smoke Consuming Stove on Earth No. Clinkers! No Soot! No Smoke! No Dirt! **Everything** is Consumed

The only jointless leg bottom and base with full radiation and large ash pan'that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood. slack and all the smoke and gasses. No filling up of the stove-pipe or flue with soot. It will produce one-half less askes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed

Prices from \$29.00 to \$58.00. Why pay \$15.00 to \$20.00 more for other makes of stoves when they will not equal the FLORENCE

## LOCAL LAYMEN ARE

Continued from Page Ope

E. V. Hawkins of Connersville, was the district chairman jointly with the district superintendent for the financial canvass. He never failed in one single call for duty, and rendered service of the very greatest value. Several laymen as group leaders for the financial canvass also rendered excellent service, particularly F. I. Barrows of Connersville, F. E. Sample of Rushville and T. I. Marshall of Shelbyville, E. B. Thomas of Rushville, as layman, rendered excellent service also, as did many others in a more limited way. Without the full co-operation of these laymen the success of the enterprise would have been difficult if not impossible.

The group leaders among the pastors of whom there were eight, the pastors to whom were committed special tasks, and all the other pastors almost without exception, gave unselfish, vigorous and in some cases masterful service in the campaign. Almost overwhelmed, as many of them were, and as probably we nearly all were at the outset, with the magnitude of the task, they went at it with the intention of doing what they could of doing nothing less than their best, and, in harmony with uncient precedents for works | Oct. 6-Miss Blanche Hitt. of faith, today notable victories are to their credit.- L. C. Jeffrey, R. R. Cross, C. S. Black, E. A. Robertson, J. H. French, T. H. Kendall and U. G. Abbott assisted the district sunerintendent in teaming with the pastors in the canvass of their charges.

. The first church in the district to go over the top and the second in the conference was St. Paul's, Rushville, C. S. Black pastor. Oversubscription, \$6,000. The third was College Corner, and the fourth charge and first circuit to go over was Glenwood. The others followed until all but two were over. I think these will make it vet. The Centenary was a revelation.

It revealed the latent interest and power of our people. It unbound the grave clothes of many. It opened blinded eyes, healed shriveled hands, made some of the lame to leap and walk. It revealed also the spiritual Feb 26-John Carpenter, southeast vacuity and deadness of some. Barring mistakes of impatience and awkardness on the part of those who presented the movement, which sometimes awakened needless irritation and antugonism, the total result of the campaign was wholesome, I think very largely so. It has opened other problems of course and increased certain hazards, as is always the case with progress, but it gave new faith, new self-respect,

new interest, new purpose, it has in PRAISED IN REPORT part broken up the easy and moribound routine of some of our churches, and evidently prepared the development of the yeast prepares the dough for the oven.

The order was right: This year, the Centenary, next the revival. We understand our churches better, we understand ourselves better. May we go forward, as indeed we must if we are not to degenerate and diemay we go forward into that way where naught but faith can suffice us, where the only sure thing is we can be safe and triumphant in our own experience and in our use-God's hand. There and there alone

. If the appetite of a man were as great as that of a sparrow in proportion to his size, he would est a whole sheep at one sitting. -

Information Obtained From Stanley Wyckoff and States 60 More Cars Are Due by October.

SITUATION SERIOUS HOWEVER.

Indianapolis, Ind., Sept. 26-Twenty carloads of sugar are on the way to Indiana now, and Indiana is promised sixty more carloads by the EDITORS HOLD MEETING middle of October. The sagar sitnation is likely to remain serious for some time, however, and the price may be higher.

This information is obtained from a telegram to Schnull & Co. from Stanley Wyckoff, federal sugar distributor for Indiana, who is in the east especially to expedite shipments to Indiana, and also from a long distance telephone conversation today between Mr. Wyckoff and George Griffin, of Schnull & Co.

The telegram from Mr. Wyckoff non-partisan. is as follows:

"Eight sugar hoats lost in gulf meeting place will be chosen,

storm with cargoes." Howell, (refinery) will shut down tomorrow for lack of raw sugar. Raw stock in sugar going for export. British havin their share of raw sugar from Cuba refined here. Canadian fine granulated in bond for sale. 12 cents net here, export basis. Can buy twenty cars in bags. Shortage will continue for some time. All sugar promised (for Indiana) will be shipped, but delayed a few days. Advice place orders at once on beet or cane sugar for future delivery".

Northern Indiana Association in Session at Huntington.

Huntington, Ind., Sept. 26-The Northern Indiana Editorial Association was to hold its annual meeting here today and tomorrow. Business meetings will be held this afternoon at the Huntington Commercial club.

The association is composed of editors north of Indianapolis and is

Officers for the year and the 1920

### Watch the Little Pimples: They are Nature's Warning

parts of the body are warnings from Nature that your blood is sluggish and impoverished. Some-times they foretell eczema, boils, blisters, and other skin disorders

Unsightly and Disfiguring Signals of Bad Blood.

Pimples on the face and other no minerals or chemicals to injure the most delicate skin.

parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimbles, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory. Atlanta. Ga.

# WITH MINNESOTA

Hoosier Football Fans Will Have Chance to See Fast Game in Indianapolis Next Month

INDIANA PROSPECTS GOOD

Meets Wabash Eleven at Bloomington on Saturday--Much Interest in Games Since The War

Bloomington, Ind., Sept. 26-Hoosier football fans will witness the gridiron classic of the Middle West next month when Indiana elashes with Minnesota at Washington Park, Indianapolis, October 18th. On the result of this game, foot-

ball critics will base their opinions as to the probable strength of Minnesota against her old rival, Michigan; and supporters of Indiana then will be enabled to determine the Crimson chances for fighting her way through the heaviest schedule in the history of the state university.

When the final whistle blows at Washington Park next month, "the thousands assembled there will have witnessed one of the hardest fought games in the history of Western football. Minnesota will send to Indianapolis a combination of veterans-men who already have fought their way to a Conference championship. But Minnesota will be met by a team also made up of stars-a team which, even now, In diana supporters are decorating with predicted victories over Minnesota. Notre Dame and Symanuse.

"Doc" Williams, Minnesota mentor, will have a great lot of material from which to mould his 1919 team 'Pudge" Wyman, star fullback, who promises to develop into one of the greatest quarterbacks the Big Ten has seen in a number of years, will he in uniform. Oss, Minnesota basketball player, is a candidate for the team, and Coach Williams is expecting great things of him. Then there is Mayer, tackle of 1916 and 1917; Vernon Williams, lineman: Flinn end in 1916, and a number of others.

Bert Baston, All-American end ir 1915 and 1916, will be an assistant in the Gopher coaching staff, and his experience and faculty for keeping dissension out of the ranks probably will prove invaluable.

Coach Stiehm, however, is not worried by the glowing reports from the Gopher camp. Indiana has equally good prospects. When the Crimson squad trotted onto Jordan Field last week for preliminary training, stars of 1916, 1917 and

#### Rheumatism Leaves You Forever.

Deen Seated Uric Acid Deposits Art Dissolved and the Rheymatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every theumatic sufferer in this vicinity that it two bottles of Allenrhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenrhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed, relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverr of Allenthu, who for many years suffered the torments of acute theumalism, desires all sufferers to know that he does not want a cent of anys money unless. Allenthu decisconquers this worst of all disand he has instructed all ta\_to:guarantee it in .

## THE ACME LINE

Acme Worm Bouncer Bounces the Worms

Acme Pig Meal Equal to Milk

Acme Calf Meal A Real Milk Substitute

MR. CUSTOMER:-

You will find bill of lading enclosed. Keep this bill of lading until goods arrive.

#### HOW TO FEED ACME WORM BOUNCER

1st-Place the Self Feeder where you feed and water your hogs, thereby have the feeder just as convenient as possible. Can be placed out of doors, as there is little or no waste on account of rain. Do not allow cows, calves or horses to have access to the SELF FEEDER. They will break it up. The Self Feeder is for hogs and sheep only.

2nd-If you are feeding your hogs tankage, mix the ACME WORM BOUNCER with the tankage. If 40 hogs are eating 40 pounds of tankage a day, mix 2 pounds of WORM BOUNCER with each 40 pounds of tunkage if hogs are in bad condition, or infested with worms, otherwise mix I pound of ACME WORM BOUNCER with 40 pounds of tankage.

-Do not feed your hogs salt when feeding ACME WORM BOUNCER, as it contains the small amount of sait that hogs require.

If your hogs are in had condition, mix about 25% of oats with all the ACME WORM BOUNC-ER they eat for the first week. The object is to induce the hogs to eat a quantity sufficient to expel the free intestinal worms (if they have any).

To fight worms successfully, you must feed ACME WORM BOUNCER continually. Worms will form in a few days after you discontinue feeding the worm expeller.

-NOTICE: ACME WORM BOUNCER is not a remedy which will do everything. ACME WORM bouncer is a remedy which will expel the free intestinal worms from hogs, horses and sheep, if they have any, will prevent those worms, keep the appetite good, and the bowels just right (preventing constipation) and thereby prevent over 90% of the so-called HOG CHOLERA for the small cost of about 61c per month.

ACME WORM BOUNCER does not take the place of feed, neither will it expel any other worms. except the free intestinal worms. Thorn-headed worms, kidney worms and lung worms cannot be

## R. G. WELLMAM, Agent

1918 teams were in uniform. From end to end the Crimson line will average 200 pounds; and in Taylor, Williams, Kyle and Mathys, Stiehm believes he has a backfield that will show the way to Indiana's opponents this fall.

The first test of Indiana's mettle will come next Saturday when Wabash journeys to Bloomington. -

The Indiana schedule for the eason follows: September 27-Wabash at Bloom-

ngton. October 4-Centre College (Ky)

t Bloomington.

October 11-Kentucky at Lexing-October 18--Minnesota at India-

November 1-Notre Dame at In-

dianapolis. November '15-Northwestern at

Evanston. 22—Syracuse November Bloomington.

#### HOME SERVICE USED TO FIND MISSING MEN

HE Home Service Sections of the American Red Cross in Ohlo, Indiana and Kentucky are helping to locate soldiers who have disappeared since their discharge from military service.

One is Sergt. Russell Irving Viles, discharged June 17 from service with the Motor Transport Corp 813.

Private Harry E. Ross, Co. H, 26th Infantry, First Division, A. E. F., was: wounded while serving at Soissons. July 19, 1918. Since that time only indefinite reports have reached his mother. Mrs. Clark D. Ross, 4042 Secretari estacomos presidentes con constituino de Third St., Des Moines, Ia.

Private Joseph Burch Walker of Monteagle, Tenn., is believed to be mentally disabled as the result of gas. He was discharged from Camp Dodge

Private George Nelson, C. E. F. has been missing since February 1, 1919. He is suffering a lapse of memory following shell shock.

Any of these men may be in the Lake Division, ignorant of names and

### JUNIORS WANT MILLION MEMBERS FOR THIS YEAR

MILLION Juniors in the Lake Division in 1919—that is the slogan of the Red Cross department of Junior Member-

The division is 200,000 short of that number, but hopes to enroll that many -and more-in the membership drive the Juniors will conduct in the schools during September.

#### VOLUNTEER

Be one of the million workers in the country who will help to enroll Red Cross members in the Third Roll Call November 2-11.
The Red Cross needs \$15,000,000

to complete war relief obligations overseas. The Lake Division's share is \$1,880,000.

The Red Cross needs new n bers for 1920 to carry on Red Cros ervice for Americans. **LYOUR CHAPTER NEEDS YOU** 

VOLUNTEER.
